"Like Conservatives everywhere, my support for Israel is a mile wide and an inch deep. I can't wait for the day when we drop our masks and show the world who we really are - the loyal scions of escaped nazi war criminals who infiltrated and usurped the Conservative movement. Then we can end our phony support for the Jew state and get back to basics - only this time, we will let China build a superhighway to their front door so they can march a 200,000,000 man army onto the plains of Megiddo and begin the Battle to End All Battles.
